Calving ease and carcass merit make this son of Select Sires stud Connealy Legendary one to pay attention to. Out of a first calver, he weighed 75 lb. and weaned 103 ratio in our 2020 bull crop. His dam's yearling son landed in the bull pen as well. 97H is top 15% for BW, as well as top 25% for REA and Marb. BSE passed and genomic tested.

4	2.2	60	104	17	69	121	226

A stout, good-footed bull whose mother is one of our best Angus cows. A standout for her udder quality and brood cow look, her first two sons were used in our herd, then this guy came along. Last year, she raised twin heifers that are both in the replacement pen. 34H boasts solid growth EPDs and a top 25% \$Maternal index. He's ready for heavy service and to make you a great set of keeper females. BSE passed and genomic tested.

CVA BLACKBIRD 3016

CE	BW	WW	YW	Milk	\$M	\$B	\$C
0	3.4	47	83	29	49	123	209

Sired by our Junior Herdsire, this "Jack" son is moderate in his frame size, long as they come and ultra attractive. He is the natural calf out of our Blackbird donor, making him a half brother to 1501. Two paternal sisters were standouts at this year's Iowa Beef Expo commanding \$13,000 and \$12,000, respectively. If you want to keep females back in your herd then you need to look right here!

Long and extended in his build and a shot of added frame to reach some bigger cows. This ET son of our Blackbird donor has been a standout since birth. This mating has clicked for us time and again, topping our fall sale, our bred female sale and the sons are always some of the first to go out of the bull pen every year. Recommending only for use on cows.

Lots 5 and 6, full brothers in blood! Stout, rugged and athletic on the move. Grandam was a donor for Sydenstricker Genetics and her influence can be seen far and wide today. Sired by our resident herd sire from Crouch Angus Valley, "Skeeter" calves always sort to the top at weaning and are making tremendous cows in our herd. This pair of lower birth weight bulls can cover all the bases and are ready to work for you today.

Commercial Red Angus Open Heifers

This set of stylish commercial Red Angus females come straight out of the replacement pen, sourced from the Sandhills of Nebraska. All heifers have been Bangs vaccinated and pelvic measured. They were intentionally left open for you to take them home and breed them however you choose. Keep them Red Angus, make baldies, or Char-cross calves. Hard to go wrong!
